THE BRAND FOR BRANDS

ABOUT US

LANGENBERG

Since 1991, we have focused on high quality at fair prices. As in previous years, our products offer genuine added value. Among other things, you benefit from innovative bags and sustainable umbrellas that you can use effectively for your marketing.

We have once again developed innovative products and unique designs for you for 2026, and we look forward to presenting them to you on the following pages.

Let yourself be inspired!
Your team at LANGENBERG.

LANGENBERG, the brand for brands. This will remain the guiding principle of our business in the future too. Our aim is to produce bags and umbrellas of brand-quality – we achieve this not least through exceptional designs, striking product ideas and the use of sustainable materials.

35 years Langenberg

The product will never be thought through to the end. And that's why we continue to develop for you, for over 30 years.

WEBSHOP / CONFIGURATOR

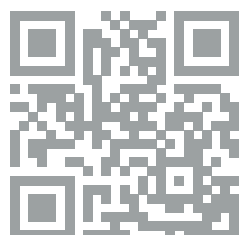

New Langenberg online shop with product configurator: customise promotional items.

We at WIL Langenberg GmbH have redesigned our online shop and added an innovative product configurator. From now on, as a promotional items retailer, you can conveniently select products such as bags, rucksacks and umbrellas online, add your own logo and order them straight away – without having to install any software, whether on your mobile or desktop.

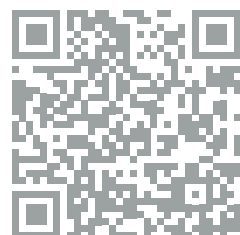

With just a few clicks, you can create a realistic visualisation that you can save as a PDF and use for quotations or client meetings. This saves you time in your day-to-day work and helps you impress your clients with a professional presentation.

In our new online shop, you'll also find clear information on prices, availability and finishing options – digital added value for everyone who sells and designs promotional items.

INTRODUCTION TO
THE CONFIGURATOR

SYMBOLS

Langenberg EUROPE GREEN

stands for bags produced fairly within Europe. 'Fair' refers to people, materials and the environment, as the products meet at least the specified European standards – and often exceed them.

Global Recycled Standard (GRS)

The GRS logo may only be used on a finished product if the product consists of at least 50 per cent recycled materials.

Öko-TEX

Hier können Sie sich darauf verlassen, dass alle Bestandteile dieses Artikels, d.h. auch alle Fäden, Knöpfe und sonstige Accessoires, auf Schadstoffe geprüft wurden und der Artikel somit gesundheitlich unbedenklich ist.

Fairtrade Cotton

calls for socially acceptable living conditions for cotton farmers. Fairtrade Cotton is a social certification scheme that guarantees farmers minimum prices for their cotton that cover their costs.

Recycle Cotton

Cotton recycling prevents unnecessary waste and is a more sustainable alternative to disposal.

PROCESSING COSTS

The following applies to all orders:

All values listed in the catalog (materials, dimensions, and colors) have been compiled to the best of our knowledge. However, we cannot provide any guarantee. Over- or under-deliveries of up to 5% are due to production processes and do not constitute grounds for a complaint. Slight color variations between the catalog image and the actual product are possible. Similarly, our products may exhibit minor variations in color and texture from batch to batch. This does not constitute a defect and is therefore not grounds for a complaint. All catalog prices are unit prices ex works, plus sales tax.
